

Personal Tax Returns ■ Business Tax Returns ■ Small Business Accounting

We wish you and your family a happy and prosperous 2019. The IRS will begin accepting tax returns on January 28, 2019 and the taxpayer will be required to file electronically unless certain circumstances cause you to paper file. Electronic filing allows refunds to be received in as little as 7 to 10 days and reduces dramatically any potential problems with refund delays.

Tax appointment cards will be mailed out towards the end of January. If you receive a blue postage card and do not agree with the time scheduled let us know what date and time is best for you. If you do not receive a blue postage card with your appointment please give us a call, if you'd like us to help prepare your taxes.

When you have all your tax documents ready you can either scan and email through our secure file transfer on our website, drop them off, or bring them to your appointment so we can prepare your return and have it ready to file as soon as possible.

Please utilize the Data Sheet on our website as we believe it will help you prepare for your appointment and ensure that your return is prepared accurately. If you'd like us to mail a copy please let us know. As a reminder, you can go over any of the information in this letter and get a copy of the tax data sheet, if needed, on our website at [www.barbertaxservicellc.com](http://www.barbertaxservicellc.com).

We look forward to seeing you and assisting you with your tax returns again this year.

Sincerely,

**Barber Tax Draper Team**
